CUMULATIVE TABLE OF CONTENTS

Bilirubin Metabolism and Hyperbilirubinemia, February 1983

- Uptake of Bilirubin by the Liver**, W. Stremmel, N. Tavoloni, and P.D. Berk, 1
- Conjugation and Excretion of Bilirubin**, J.R. Chowdhury and N.R. Chowdhury, 11
- Familial Unconjugated Hyperbilirubinemia Syndromes**, J. Reichen, 24
- How Should Mild, Isolated Unconjugated Hyperbilirubinemia be Investigated?**, L. Okolicsanyi, J. Fevery, B. Billing, P. Berthelot, R.P.H. Thompson, R. Schmid, and P.D. Berk, 36
- Mechanisms and Significance of Fasting and Dietary Hyperbilirubinemia**, D.I. Whitmer and J.L. Gollan, 42
- Management of Unconjugated Hyperbilirubinemia in the Newborn**, K. Lee and L.M. Gartner, 52
- Inheritable Disorders Manifested by Conjugated Hyperbilirubinemia**, A.W. Wolkoff, 65
- Jaundice During Pregnancy**, G.J. Krejs, 73
- Hepatic Heme Metabolism: New Aspects and Speculations**, R. Schmid, 83

Gallstones, May 1983

- Epidemiology and Natural History of Gallstones**, F. Kern, 87
- Mechanism of Cholesterol Gallstones Formation**, S.M. Grundy, 97
- Pigment Gallstone Disease**, B.W. Trotman, 112
- Gallstone Update—Radiology**, J.G. Rabinowitz, H-C Yeh, and B.A. Cohen, 120
- Current Status of Chenodeoxycholic Acid (Chenodiol) Therapy of Cholesterol Gallstones**, R.A. Zak, J.W. Marks, and L.J. Schoenfield, 132
- Ursodeoxycholic Acid Treatment of Gallstones**, J.L. Thistle, 146
- A Review of Surgery for Gallstone Disease**, R.S. Jones, 157
- Management of Calculi in the Common Duct**, J.A. Vennes, 162

Surgical Problems Related to the Liver and Biliary Tract, August 1983

- Current Status of Hepatic Transplantation**, S. Iwatsuki, B.W. Shaw, and T.E. Starzl, 173
- Periampullary Cancer, 1983**, A. Cooperman, 181
- Current Status of Resection for Hepatic Neoplasms**, D.L. Bouwman and A.J. Walt, 193
- Hepatic Complications of Jejunoileal Bypass**, J.P. O'Leary, 203
- Hepatic Complications of Parenteral Nutrition**, R.H. Bower, 216
- Current Concepts of Surgery in Portal Hypertension**, J.E. Fischer, 225
- Nonshunting Procedures for Control of Variceal Bleeding**, S.N. Joffe, 235
- The Current Status of the Distal Splenorenal Shunt**, J.M. Henderson and W.D. Warren, 251

Clinical Evaluation of Hepatic Function, November 1983

- The Limitations of Conventional Liver Function Tests**, N. McIntyre, 265
- Quantitative Assessment of Deranged Hepatic Function: A Missed Opportunity?**, J. Bircher, 275
- Clearance by the Liver: Current Concepts in Understanding the Hepatic Disposition of Drugs**, D. Larrey and R.A. Branch, 285
- Methods for Assessing Hepatic Encephalopathy**, S.C. Pappas and E.A. Jones, 298
- How to Investigate Cholestasis: Utility of Ultrasound as the First Imaging Study**, K. Okuda, Y. Tsuchiya, N. Saotome, and K. Ohnishi, 308
- Clinical Utility of Breath Tests for the Assessment of Hepatic Function**, A.L. Baker, A. Kotake, and D.A. Schoeller, 318
- Bile Acid Metabolism: Its Relation to Clinical Disease**, W. Berry and J. Reichen, 330
- Inherited Defects of Hepatic Drug Metabolism**, A. Küpfer and R. Preisig, 341
